Behind it, several skyscrapers are illuminated, including the Bank of America Tower, which is a prominent cylindrical building with a dark top. Other buildings of various architectural styles fill the rest of the skyline.

2025

National Summit

Independent Sector's National Summit is the only event that unites the entire charitable sector, building the collective power of nonprofits, foundations, and corporate giving programs to improve lives and strengthen communities.

More than 1,000 leading voices from across the country will gather in one place to connect, learn, and mobilize their organizations to serve more people and do more good. Together, we can create a stronger sector and a more equitable, inclusive, and just nation.

Summit attendees are decision-makers, thought leaders, and catalysts for change. Over the course of three days, you'll explore workshops, main stage presentations, community dinners, site visits, and networking events – all of which represent unique branding opportunities and touchpoints for conference sponsors.

Be a part of Independent Sector's National Summit in 2025 to connect with leading nonprofit and philanthropic voices and showcase your organization's commitment to building power and purpose in the charitable sector.
